This item was presented and discussed following item 7.D.

Presentation by Planner Steven Lehmitz: A proposed amendment to the Eagle Quest East Master Development Agreement would extend the initial development benchmarks. The project is located on Parcel No. 59:006:0053, which is just north of the Sunset Flats development.

Applicant's Statements Summary, David Crocket: Previous landowners went into foreclosure, which created a two (2) year delay where the right of way could not be pulled from the project for a variety of reasons. Marcus Draper, City Attorney, helped create a legal means to ensure that the right of ways could be dedicated to the City. The applicant then created a strategy to get the project up and running so that Eagle Quest could abide by the obligations outlined in the MDA to build a road from Pony Express to Aviator Avenue. The Applicant estimated it would be a 9-month process to take the project from a Preliminary Plat to a Final Plat.

Discussion Summary Points:
