

EAGLE MOUNTAIN SPECIAL CITY COUNCIL MEETING BUDGET ASSUMPTIONS WORK SESSION MINUTES

May 12, 2022, 3:00 p.m.
Eagle Mountain City Council Chambers
1650 East Stagecoach Run, Eagle Mountain, Utah 84005

3:00 P.M. BUDGET WORK SESSION – COUNCIL CHAMBERS

ELECTED OFFICIALS PRESENT: Mayor Tom Westmoreland, Councilmembers Donna Burnham, Colby Curtis, Jared Gray, Carolyn Love, and Brett Wright.

CITY STAFF PRESENT: Paul Jerome, City Administrator; Steve Mumford, Assistant City Administrator/Community Development Director; Fionnuala Kofoed, Director of Administrative Services/City Recorder; Chris Trusty, City Engineer; Aaron Sanborn, Economic Development Director; Kimberly Ruesch, Finance Director; Brad Hickman, Parks and Recreation Director; Brody Kinder, Waste Water Supervisor; Zac Hilton, Streets and Storm Drain Manager; Jeff Weber, Fleet and Facilities/Operations Director; Tyler Maffitt, Communications Manager; Angela Valenzuela, Human Resource Manager; Eric McDowell, Chief Deputy Sheriff; Michele Graves, Library Director and Evan Berrett, Assistant to the City Administrator.

1. CALL TO ORDER

Mayor Pro Tempore Love called the meeting to order at 3:13 p.m.

2. DISCUSSION OF PROPOSED BUDGET

2.A. A Budget Assumption For Operating Budget

Finance Director Kimberly Ruesch presented the Capital Projects in the tentative budget. Approximately \$10,800,000 is available in the General Fund that had not been allocated to a project that had been intended for the community center/library project which has been put on hold at this time.

Discussion ensued regarding which previously proposed and additional Capital Fund projects to fund in the budget including:

- A placeholder amount between \$15,000 and \$20,000 for an outside agency to provide consulting services for a Long-Term Facilities Plan;
- Road design and right-of-way acquisition for Mid Valley Road – East and Hidden Valley Parkway;
- Road design and right-of-way acquisition for Lone Tree Parkway to Old Airport Road;
- The timing of the Mid Valley Road completion in relation to connectivity to surrounding communities, planning to protect right-of-way, and advocating for completion of the Mountain View Corridor connection sooner than contemplated;

- Studies to determine areas to preserve for transportation corridor connections including to the Mountain View Corridor and when service levels will fail;
- Completing the City's portion of Old Airport Road to Wride Memorial Highway to connect to the Lone Tree subdivision to increase safety;
- Proceeds, interest, and debt service for the bond being secured by the City and potentially allocating funds from the Capital Projects fund towards Old Airport Road expansion to be reimbursed with additional bond funding if available;
- The logistics, cost, and timing of the High T intersection at Wride Memorial Parkway and Ranches Parkway and a traffic light at Stone Bridge Lane and Ranches Parkway;
 - The Councilmembers requested to allocate funding for the traffic light and the High T intersection to hopefully be completed this fiscal year recognizing the Utah Department of Transportation will fund the freeway portion of the projects;
- A traffic light at Woodhaven Boulevard and Pony Express Parkway;
- Considering placing an "EM" on a mountainside to represent the high school and the community as suggested by Cedar Valley High School students;
- Wastewater headwork expansion plant project and the Type 1 effluent disposal project not being fully funded through available impact fees; the projects could be funded internally through a loan from another budget category and then repaid through future impact fees or other mechanisms;
 - The headworks are currently failing and should be prioritized;
- Rapid infiltration basin rehabilitation that is not impact fee eligible could be funded through the Sewer Fund Reserve or other sources;
- Wastewater ground leveling and irrigation improvements are required on 12 acres north of the old rapid infiltration basins to meet State requirements;
- Educating residents regarding available impact fee funding and service levels for City parks;
- Adding the Pony Express Regional Trail to the Parks Impact Fee Facilities Plan;
- Lights and a concession stand for Pioneer Park to be considered in the design and plan for the park and cemetery;
- The City's contract with the Utah County Sheriff's Office and the request for three additional positions to help meet existing needs, future growth, and increase officer-initiated call volumes/proactive policing;
- The ability to transfer funds from the Capital Project Fund to the General Fund should the Council determine to fund an additional position to augment public safety service levels;
 - Verify that ongoing funds will be available to fund future years;
- Councilmember Gray advocated for approving three Sheriffs in this budget with a fourth to begin in January;
- Statistics for past, current, and future Public Safety levels of service and sheriffs per resident with consideration of the changing needs of the growing population;
- Collaboration with Utah Highway Patrol (UHP) and cross-certification of deputies as UHP Officers; and
- Concerns with the timing of paving the Community Development yard in relation to long-term facilities planning;
 - The drainage and underwater storage component of the project are necessary to be compliant with the Storm Water Pollution Prevention Plan.

3. ADJOURNMENT

Mayor Westmoreland adjourned the meeting at 5:02 p.m.

Lianne Pengra, CMC
Chief Deputy Recorder
